Appendix IPT2 – Inheritance & Primal States Tables

Flat Rate Existential Patent Cost Table

- These 'flat rate costs' are only for purchasing Existential Patents with Inheritance Points during the set-up. Afterward, they must be obtained through normal Research, Development and Patent Prosecution.
- When two Applications are received, they must be placed on the Matrix and are automatically connected.
- Generic Stardrive Existential Patent must be purchased prior to any ship Patents.
- Ship Systems Existential Patent must be purchased prior to purchasing or building any ships.
